# CLOSING REMARKS

Every year, the Residence Halls Association faces its fair share of struggles, but this year was very unique. The Covid-19 pandemic posed a problem that we have had to deal with and adapt to.

Through your hard work and dedication to being great leaders and positive influences in the campus community, we have been able to successfully conclude an academic year full of fun experiences and unforgettable memories.

It has been a pleasure to know you all and to grow with you. Thank you for being outstanding people and for letting us be a part of your college story.
